

We can help find cures.

Healthy children play important roles in clinical research.
Clinical research leads to new ways to prevent, diagnose, and treat disease.
Parents, please consider becoming involved.

To learn about children and clinical research, visit <http://clinicalcenter.nih.gov/KidsInResearch>, or call

301-496-4763

(TTY: 866-411-1010); Se habla español.
Compensation may be available.

The NIH Clinical Center is America's Clinical Research Hospital.
